

March is Hug-a-Teacher Month at Build-A-Bear Workshop® - Seattle

March 5, 2009

Over \$100,000 Raised to Help Teachers and Students in Seattle and Beyond Through DonorsChoose.org

SEATTLE (March 5, 2009) –Build-A-Bear Workshop® and the Build-A-Bear Workshop Foundation are demonstrating their support for teachers and youth education by inviting others to celebrate learning and the importance of teachers in the lives of their students by designating March, Hug-A-Teacher Month. To date, the Build-A-Bear Workshop partnership with DonorsChoose.org, combined with a challenge fund established by Company Founder Maxine Clark, has raised over \$100,000 to help teachers and students in the Seattle area and across the country.

Kicking off Hug-A-Teacher Month, Build-A-Bear Workshop® is spotlighting teachers who have received “You have been bear hugged” grants through the Build-A-Bear Workshop Foundation’s partnership with DonorsChoose.org. These “hug” grants illustrate the importance of student learning in subjects such as science, math and English.

The recently funded “You have been bear hugged” projects, which were originally posted by teachers at DonorsChoose.org, include a grant to provide reading resources – including reading comprehension games and letter and sight word cards – to low income students in kindergarten through sixth grade special education classrooms in Seattle. The interactive materials will engage students as they develop critical reading skills in fun and exciting ways.

Introducing the month of cele-bear-ation for education, Maxine Clark said, “I was fortunate enough to have public school teachers who were amazing role models. They inspired and encouraged me to find my passion and follow my dreams. Great teachers are one of the reasons I am who I am today. Making a difference in the life of a child through education is a wonderful gift and a great way to give back to the teachers who made a difference for me. DonorsChoose.org supports and energizes teachers and our partnership with donorschoose.org is a great example of the power of WE”.

Charles Best, founder of DonorsChoose.org, commented, “Supporting teachers is a tremendous way to create new learning opportunities for kids in the classroom. Build-A-Bear Workshop has been a great partner and leader by helping us get the word out about our organization and by sharing its impact with others. In fact, since we began our partnership in November, awareness of DonorsChoose.org has grown and Build-A-Bear Workshop along with its virtual world, Buildabearville.com, have been the primary drivers of new visitors to our site.”

Build-A-Bear Workshop® has always had a strong commitment to leave a pawsitive mark on the world. Throughout its 11-year history the Company has given Guests a voice to support causes that are important, helping children, animals and the environment, sharing the hug of a teddy bear wherever needed in their

communities and abroad, and recognizing kids doing great things. The Company has already donated over \$20 million to these causes.

About Build-A-Bear Workshop

About the Build-A-Bear Workshop Foundation

The Build-A-Bear Workshop Foundation is a 501(c)(3) organization committed to improving communities and impacting lives through unique philanthropic programs that help children and families, animals and the environment. The Foundation is funded through the sale of purple satin hearts (\$1 each) sold in all of our stores. For more information about the Foundation and other Build-A-Bear Workshop® giving programs visit the Community Involvement section of the company's Web site at www.buildabear.com

No matter their contribution size, all donors are treated to a level of service normally reserved for established philanthropists. This includes meaningful choice, full accountability, and portfolio services. Whether making a contribution of \$10 or \$1,000, an individual can choose to support the specific project that he or she finds most compelling and know that their dollars were spent as directed.

Nationwide, DonorsChoose.org has enabled over \$30 million in contributions to public school classrooms, and more than 1.8 million students have felt the impact of more than 115,000 generous individuals.
