Build-A-Bear Workshop, Inc. Reports Fiscal 2011 First Quarter Results
May 5, 2011
ST. LOUIS, May 05, 2011 (BUSINESS WIRE) -- Build-A-Bear Workshop, Inc. (NYSE: BBW), an interactive entertainment retailer, today reported results for the 2011 first quarter. First quarter 2011 total revenue declined $6.1 \%$, excluding the impact of foreign currency. Consolidated comparable store sales declined $8.5 \%$. The quarter's results were adversely impacted by the shift of the Easter holiday and associated school vacations, which moved into the second quarter this year. Consolidated comparable store sales for year-to-date April, which includes the Easter shift, were minus $3.2 \%$ reflecting a significant improvement in trend. First quarter net loss of $\$ 2.3$ million or $\$ 0.12$ per share included $\$ 0.05$ per share in consulting costs related to the Company's evaluation of its product supply chain costs. The Company has expanded the consulting engagement into other areas and expects to incur a similar charge of $\$ 0.05$ per share in its second quarter. The Company currently anticipates savings of $\$ 4.0$ million to $\$ 6.0$ million, or $\$ 0.13$ to $\$ 0.19$ per diluted share in 2011 from the project with further benefits projected in 2012 as the savings are annualized.
"The decline in our comparable stores sales and net loss in the first quarter reflects seasonal impacts. We had a strong April due to the Easter shift with consolidated comparable store sales positive $21 \%$, led by our North American business to bring our year-to-date through April consolidated comparable store sales to minus $3.2 \%$," stated Build-A-Bear Workshop Chairman and Chief Executive Bear Maxine Clark.
"As we look ahead, we believe that we have a powerful merchandise lineup supported by enhanced marketing and are expecting positive comparable store sales in the second quarter giving us confidence that we will reach our annual goals and increase shareholder value," Ms. Clark continued. "We are aggressively acting on the findings of our consulting project in order to maximize the expected benefits this year. During the quarter we invested $\$ 2.5$ million to repurchase 375,000 shares of our stock and ended the quarter with a strong balance sheet and no debt."
